

Other ways to make a transaction (QOE)

DIRECTLY BY CLICKING ON THE BUTTON

If there are data in the fields, clicking on the button (TO FIX, TO BLOTTER, or MANUAL) creates the order directly. The trade is shown in MY QOE ORDERS.

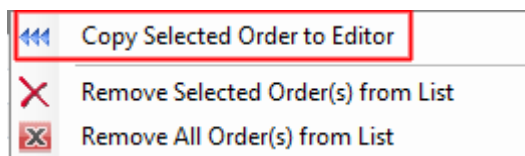

The screenshot shows the 'Quick Order Entry - User: ATHENATEST' window. At the top, it displays 'SELL SHORT 25 shares of Equity Common | MARKET'. Below this are various input fields for order parameters: TT (SS), Qty (25), Symbol (ZVZT US), Broker (INTERNAL), Algo, TIF (DAY), Inst (MKT), LimitPx (0.0000), and Fund Group (AMNF). There are also dropdowns for Prime Broker, Strategy, Hot Issue, and Basket. Below the input fields are three buttons: 'To FIX', 'To Blotter', and 'Manual'. A 'Clear' button is also present. The bottom section, titled 'My QOE Orders', contains a table with the following data:

| FIX | ClOrderID | Side | Quantity | Symbol | Creation | Status | Broker | Algorithm | TIF | Instructions |
|-----|-------------|------|----------|---------|---------------------|----------------------|----------|-----------|-----|--------------|
