

Creating a standard report from an existing report

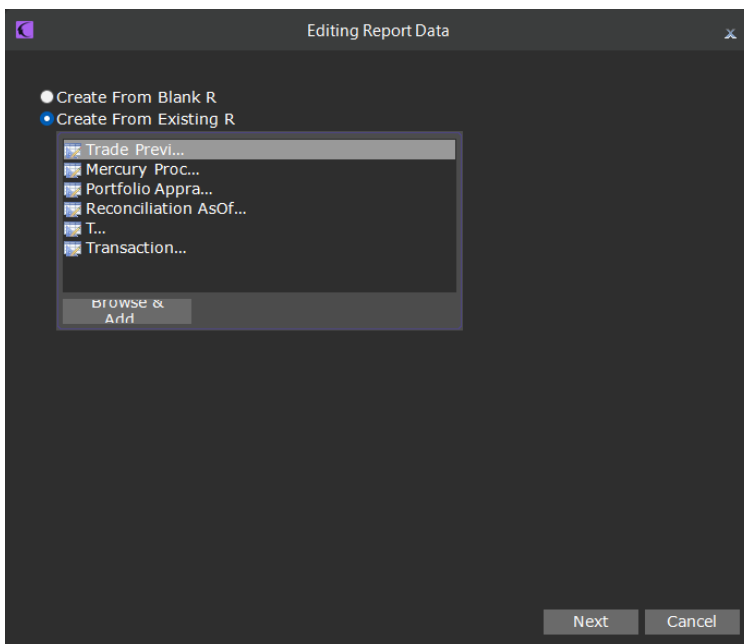

You should only do this task if you know how to do SQL Server queries.

1. The only difference between creating standard report and a blank report is the first step.

2. Select Create from existing report.

3. Browse and add the reports you need.

4. Click Next.

Field	Value
Nam	Transaction (H)_1
Titl	Transaction (H)_1
Menu Capti	Transaction (H)_1

5. The rest of the steps are the same as in [Creating a standard report from a blank report.](#)
